Name	Job Title	Date of IIA training	Email
HSCP Prescribing Forum 18/06/20	Representatives from pharmacy, General Practice, HSCP management, Finance		

6. Evidence available at the time of the IIA

Evidence	Available?	Comments: what does the evidence tell you?
Data on populations in need	Y	No adverse impact identified
Data on service uptake/access	N	No adverse impact identified
Data on equality outcomes	N	No adverse impact identified
Research/literature evidence	N	No adverse impact identified
Public/patient/client experience information	N	No adverse impact identified
Evidence of inclusive engagement of service users and involvement findings	N	No adverse impact identified
Evidence of unmet need	N	No adverse impact identified
Good practice guidelines	Y	No adverse impact identified
Environmental data	N	No adverse impact identified
Risk from cumulative impacts	N	No adverse impact identified
Other (please specify)		
Additional evidence required		

7. In summary, what impacts were identified and which groups will they affect?

No adverse impact identified

Equality, Health and Wellbeing and Human Rights Positive No adverse impact identified Negative No adverse impact identified	Affected populations
--	-----------------------------

Environment and Sustainability Positive The plan contains projects to reduce medicines waste. Negative No adverse impact identified.	Affected populations
---	-----------------------------

Economic Positive The plan promotes cost effective prescribing and identifies efficiency. Negative No adverse impact identified	Affected populations
--	-----------------------------

8. Is any part of this policy/ service to be carried out wholly or partly by contractors and how will equality, human rights including children's rights , environmental and sustainability issues be addressed?

GP independent contractors, working in line with NHS Lothian guidance on prescribing and NHS Lothian values.

9. Consider how you will communicate information about this policy/ service change to children and young people and those affected by sensory impairment, speech impairment, low level literacy or numeracy, learning difficulties or English as a second language? Please provide a summary of the communications plan.

Any changes to treatment will be communicated by the prescriber to the affected patient.

10. Does the policy concern agriculture, forestry, fisheries, energy, industry, transport, waste management, water management, telecommunications, tourism, town and country planning or land use? If yes, an SEA should be completed, and the impacts identified in the IIA should be included in this.

No

11. Additional Information and Evidence Required

If further evidence is required, please note how it will be gathered. If appropriate, mark this report as interim and submit updated final report once further evidence has been gathered.

12. Recommendations (these should be drawn from 6 – 11 above)

No recommendations identified

13. Specific to this IIA only, what actions have been, or will be, undertaken and by when? Please complete:

Specific actions (as a result of the IIA which may include financial implications, mitigating actions and risks of cumulative impacts)	Who will take them forward (name and contact details)	Deadline for progressing	Review date

14. How will you monitor how this policy, plan or strategy affects different groups, including people with protected characteristics?

Any changes to prescribing will be monitored locally by the prescribing team and any impacts will be assessed as they arise.

15. Sign off by Head of Service/ Project Lead

Name Chris Miller

Date 18/06/20

16. Publication

Send completed IIA for publication on the relevant website for your organisation. [See Section 5](#) for contacts.
